LED Handlamp, WI600, wireless rechargeable

Wireless hand lamp with USB type C connection

- 2.5- 5 h operating time
- 4-5 h Charging time
- 6 W COB LED on the front panel
- 1 W SMD LED in lamp head
- Equipped with magnets and hooks
- 3.7 V / 1500 mAh LiPo battery
- 967 - 1120 lux (0.5m)
- 100 - 600 lumen
- 5700 Kelvin
- IP65
- IK08
- 165 x 55 x 45 mm
- 0.09 kg

Available from October 2020

LED Handlamp, WI300, wireless rechargeable

Wireless hand lamp with USB type C connection

- 2.5- 6 h Operating time
- 2.5 - 3.5 h Charging time
- 3 W COB LED on the front panel
- 1 W SMD LED in lamp head
- Equipped with magnets and hooks
- 3.7 V / 2600 mAh Li-Ion battery
- 995-1670 lux (0.5m)
- 100 - 300 lumen
- 5700 Kelvin
- IP65
- IK08
- 115 x 65 x 30 mm
- 0.09 kg

Available from October 2020

Wireless charger and USB type C connector

(LED Handlamp 701.002.000 / 702.000.001)

- 2.5 - 4 h Charging time
- 5V / 1A Input
- 5V / 1A USB Output
- IP65
- IK08
- 178 x 43 x 35 mm
- 0.09 kg

Available from October 2020

Wireless charger and USB type C connector for 2 lamps

(LED Handlamp 701.002.000 / 702.000.001)

- 2.5 - 4 h Charging time
- 5V / 2A Input
- 5V / 1A USB Output
- IP65
- IK08
- 178 x 43 x 35 mm

T-series work lights

The trapezoidal housing of the **T-series** work lights is made of robust and light ABS. The protruding edge protectors made of hard rubber not only protect the edges and corners, but also the front. The milky plastic front produces diffuse and pleasant lighting. The colour temperature of 6000 kelvin simulates daylight, which promotes well-being and concentration. The work lights are dust-tight and protected against splashing water (IP54).

A handle and a stand that pivots by 120° are integrated on the rear. The work light can be mounted on tripods. The integrated power sockets on the rear (only for 32080) fulfil the role of a cable reel: Electrical devices can be connected directly without requiring additional connections.

Art. 32080

LED work light T5000

- 47 watts

HEXA work lights

HEXA work lights are characterised by their distinctive hexagonal aluminium housing with rubberised edge protectors. They are impact resistant (IK07) and light. The work lights are dust-tight and protected against water jets (IP65), which makes them ideal for indoor and outdoor use. The COB LED technology provides highly focused and homogeneous light with a wide beam angle of 120°. The integrated, flexible base pivots by 180° and can be mounted on tripods.
